## **Electronics 2:** **Introduction to Electronics** **Section Number: 17427**

**EL-2 is an in-person class**  
**Spring, 2026**  
**Start Date: Saturday, February 21st**

**EL-2 is a 3-unit, hands-on, learn-electronics-by-doing-electronics course for majors and non-majors. There is no prerequisite—all are welcome.**

**Class meets Saturdays, from 9:00 am to Noon, in E-102 of the Engineering Building.**

**Essentially, there are three types of “work”, or assignments, you will be completing in this class. You will do (1) exercises, (2) *activities*, and (3) solder projects.**

**All electronic components required for the course will be given to you in class.**

**Visit our website at [www.lavc.edu/electronics](http://www.lavc.edu/electronics)**
